If we provide opportunities for members to earn time credits for their contributions --

Then more people will help each other, develop strengths, and make social connections;

Time credits can be redeemed for 1IMT1 shirt, school supplies, arts-crafts, and help with things that youth need and want.

Youth earn time credits, make connections, and develop resources by working on service projects with others.

# 1IMT1

By contributing their time and skills, youth earn time credits for training, resources, and opportunities. Pay-it-forward with giving and receiving.
